

HARD HEART

(Psalm 119:70, AMP / BSB), I check the condition of my heart. I use the tool of praise to soften my heart. I go to those places that are rocky with my praise, even if it's not a pleasant thing.

FEAR OF GOD

(Deuteronomy 6:1-2 MSG), God brings messages to me so that the fear of the Lord can come upon my life, it's for my own good. I must check the level of the fear of God that I have, if I want more, I must check how much I'm engaging in the messages. I have the fear of the Lord by allowing these messages to come into my heart, correct me, as I live according to these messages, repent when I'm wrong and went astray.

TASK

God gives Pastor John and Pastor Sharon a task to teach us so that we can live after the ways of the Lord.

VISION

(Acts 26:14-17 AMPC), God gives my pastors, He has chosen, insight and visions into His purposes because I do not see the purposes of God about my life for myself. He gives them specific messages to give to me.

GOD PUTS WORDS

(Isaiah 59:21 NKJV), Pastor John speaks all that God has commanded him and he will not change what God has given him to speak.

I do something with the Word:

My first job is to respond to God's message and His messenger. I respond with honour. I know I honour by taking the Word praying. I honour the Word in the privacy of my house, alone, where nobody sees.

I become

When I take the specific things in the message that God has for me praying and saying, I'm becoming like Jesus. God knows what I need and how I need to become it. He brings a special message to me. What I take for myself from the messages, I become, it's eternal. I pay the price to apply and live the Word and messages, it becomes my victory and place of authority.

What I must do:

There are parts that I must receive and become in the message. The message speaks to each person differently. God knows that there are certain things in each message meant for me. This is why I go through the message highlights every week.

ROLE

WATCHMAN

(Ezekiel 3:17 NKJV). Pastor John is a watchman over this house. He prays for us and gets a message from God. God can warn us and give Pastor John the message to prepare us for what is to come.

Built for a dwelling place of God: (Ephesians 2:20,22 NKJV),

Each message is building us as a house and a dwelling place for God. It's important for me to take part in the message because God does not build any other way.
