

KIDS MESSAGE HIGHLIGHTS_07 June 2020_Become All Things_ Ps John Bendixen WTB

The immersive worship experience: *"This is something that we've been exploring as a ministry over the last month. We are looking at ways that perhaps there's a new door here that God is opening for us and that we need eyes to see things that we haven't seen before".*

All things to all men: READ: 1 Corinthians 9:19-23 NKJV. We have been given a mandate by God and through the apostle that we must become all things to all men that we might win some. That doesn't mean that we must become less Christian, less spiritual or do things that prevent us from being true Christ-beings. The Apostle Paul is saying because I'm so strong in Christ, I can show Christ to any group of people, at any place, anytime, anywhere. I don't have to relate with what they've been through, but I need to be in a place where I can minister Christ to them because of the authentic (true) Christ that is in me.

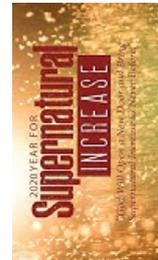

Founded deeply spiritual – the devil: The Corona Virus that has hit the world is something that is founded deeply spiritually because the devil is the author of all sickness, disease and all destruction. There is nothing about this thing that is of God. We need to be clear about this. Jesus is the Author of life, light, prosperity, blessing, and all things good. The enemy is the author of stealing, killing and destroying. This is something that is authored by the enemy to oppress, destabilise economies, families, financial well-being, family unities, relationships, every area of life and cause major destabilisation, distraction, division, disease and death. That is actually what has been unleashed on the earth.

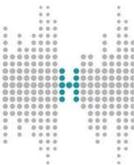

Church of the Lord Jesus – stand: There is one group of people that can stand between death, destruction and the life that God. That's the Church of the Lord Jesus Christ - that means me. That doesn't mean to say that it happens at church on a Sunday. That means it happens wherever I am every day, everywhere, all the time. It means that I don't talk death like the world talks. I don't talk what effects the disease is having on my finances. I have to talk what God talks - I'm taken care of and He will never leave me or forsake me. He's always going to be there for me, always, in every way, in every circumstance.

Supernatural increase: Like Pastor John, I press into the Lord, ask Him to show me where is the new door and where is the supernatural increase because I refuse to let the enemy of God steal six months of this year for what God has for me. What God has for me has already been happening. The supernatural increase has been happening while the rest of the world has been struggling to survive. God has been talking to us as a church and as a people, how He's going to increase us, bless us, how new doors are opening for us and if I open my eyes to see, my heart to receive and I have ears to hear, He's going to lead me step-by-step into new things so that I can become all things to all people. I don't criticise, judge or pity them that they have been under death and destruction because pity doesn't have any value. Making a difference, speaking life and being the Life of Christ has value.

Different sets: *"There are things that God has got inside of us by the Holy Spirit that will allow us, from time to time to have events like this". "We can have wonderful music, praise and worship, but it can also be a testimony to the world because maybe some of your friends will come and put cool earphones on, but maybe they won't come to a Sunday normal church service. Hello?"*

Be ready – step out: I'm ready in my heart that whatever God wants for us, I'm ready to walk into it without holding onto anything in the past, without being afraid of what lies in the future, I have the courage to step in, step through and go into the new place because it's only in the stepping, it's only in the walking, it's only in the getting out of the boat that I actually see the miracle of God. I can't stay in the boat and see the miracle of God. I just can't. I might see God's miracle coming to me, but I won't experience the miracle of God until I get out of the boat.
