

Word From The Lord

Jerry Savelle - June 2020

I heard the Spirit say this...

This is a defining moment in our lives with what we're going through right now. I sensed in my spirit this is a word for the Body of Christ. This is a defining moment in your life.

It is one of those times when how you act and respond and what you decide will determine the direction your life will go in.

It can take you on a path that God has predestined you. A path of some of your greatest victories. A defining moment shapes you and causes you to become the person that you eventually will become.

What you say and what you do right now and throughout the remainder of this year is going to determine your future.
