

KIDS MESSAGE HIGHLIGHTS_26 July 2020_God is Answering_Ps John Bendixen (JHB)

Letters for Pastor John's B-day: *"Thank you for the wonderful response and the amazing love that was shown to me for my birthday". "It was really amazing and overwhelming and emotional and it really touched me very deeply". "I feel very, very blessed, very blessed that this is what is in your heart. Really. So, all I can say is, thank you. Thank you. And if I have one dream that I wish to dream before the Lord now, is that in the next ten years there will be double those amount of letters – without losing one. Many people have become disciples; people have become integrated into the family of this wonderful, amazing family". Like "the Apostle Paul writing letters; they were actually not just words on paper - they were letters that were written on the hearts of people".*

Trust Jesus more: *I've got to know where my authority lies and I trust my God more than I trust medicine. I trust God more than I trust the doctors, than I trust anybody – I trust Jesus more. I trust the Word of God more.*

Spiritual authority: Spiritual authority is the most powerful thing that I have at my disposal. That's why, I have to know who I am in Christ. This is not just a game, this is real church, with real authority, and with real spiritual activity. The church isn't just about feeling good, about being fake, about ceremonies and rituals. The church of the Lord Jesus Christ is the light. We have within us, spiritual power and authority to overcome darkness and all the things that the enemy wants to bring into the earth. There is no other solution on the earth than the church of the Lord Jesus Christ. Economists do not have an economic solution, medicine does not have a solution. We live with people who are gifted to make money, gifted to bring as much healing as they can to the human body but the real answer lies in Jesus. It doesn't lie in those gifts.

Ancient confrontation: When you are born into this life as a human being. You were born into an ancient confrontation (battle / conflict / fight / war), it's an eternal (forever) ancient confrontation between God and a very superior being that God created.

Lucifer: This is the story of Lucifer. **READ: Isaiah 14:12-13 NKJV**, every time I have an expression of self will in my life I make a choice to exalt myself, my throne above the stars of God. **READ: Isaiah 14:14-17 NKJV** - Sheol is the place that is a permanent separation from Heaven, **READ: Isaiah 14:12-17 MSG** - Anytime you talk about Babylon or there is a reference to Tyre in the Bible it refers to a system that is being created by the enemy (the world's system). Lucifer's intent and motive of his heart wasn't to say, "look how great I am", he wanted to be so equal to God that he wanted to run God's Kingdom, run the angels of God and run everything.

Platform to worship: God has given me a will, He has given me His ways, He has placed within me a desire to worship, He has given me the ability to wonder (as in wonderful) at the marvelous splendour and glory of Him. He's placed that in me and He has given me the ability to work. In God, my will is my stage (platform) and my worship is my power. This works both positive (when I use it for God) and negative (when I use it for myself). Like when Lucifer's used his will to stand against the will of God and that became his stage (platform) to go and tell all the angels that he is equal to God, was going to run them and convinced a third of the angels to agree with him. The enemy wants me to wander as a confused person through my whole life, he always questions what the will of God is and wants me to ask questions, *who, why* and *when* is it going to happen and *what* is the purpose or *for what* does it happen... When I do that I'm in the process of exercising my will as the stage for myself. **The minute I use my will for myself and actually do it, that becomes my worship.**

Interpreting what God said, instead of doing what He said: **READ: Genesis 2:15-17 NKJV**, without the choice of will, I cannot have a platform and be in a place where my power is executed without having a choice. God said, "I want you to have a platform for your will and I am wanting you to have the power of your will as long as it's obeying mine." The minute I go

and say, "I have my will and I am going to exercise it, then my platform becomes useful for me to exercise my willpower for my own self. **READ: Genesis 3:1 NKJV** Here are the questions- the why, the who, the what for, the when... **READ: Genesis 3:2-3 NKJV**, that's not what God said, He didn't say you mustn't touch it but you mustn't eat it. When people try to figure out (interpret) what God has said rather than what God really said, that's putting yourself in a place where your will is coming out in words that God didn't say. **READ: Genesis 3:4-5 NKJV**

Your will: The exercise of your will makes you like God, that is why it becomes a platform for the exercise of your will, so that when you exercise your will, your will has power. **READ: Ezekiel 28:11-16 NKJV**, Lucifer would come backwards and forwards on the very mountain of God, he was created with such splendor. The very anointing, glory, light and wonder of God would fill him and he would express the glory of God in worship, in music and in sound to the beings. It would shine, radiate out of him, he would then take the praises of beings for God and bring them into the holy place. The glory of God would shine in him and through him to those beings that they may praise God through the light that was in him.

Contend with own self will: We still find ourselves in that space that we have to contend with our own self will every day of our lives because your self-will is all about doing stuff that pleases you and that will create an opportunity for you to have people speak to you and have you live your life about you. It creates a platform for your will. Then your actions become about worship and you worship what you will. You don't necessarily worship God. **READ: Ezekiel 28:17 – 18 NKJV**, trading - means he then took the praise for himself. **READ: Ezekiel 28:19 NKJV.**

Ancient confrontation: I'm born to an ancient confrontation and it is not a big event that happens from time to time. It happens with every person, every day, everywhere. It happens in me, in my mind, in my heart and in everything that I speak. The enemy always uses deceit and manipulation to get what he wants, by getting me to give up my right so that he can manipulate my power of my worship for his good.

Most intelligent person that ever lived: The most intelligent person that ever lived on the earth, His name was Jesus. Some people might say He was not as intelligent as Einstein or one of these other guys. He is much more intelligent. Why? Because He actually chose to say only what the Father said, He chose to do only what the Father did and He chose to live His whole life with the platform of His will given up so He could worship. Jesus had all power because of His worship, because the platform of His will was completely submitted to God. Like Jesus, I choose to say only what the Father says, I do only what the Father does and I choose to live my whole life with the platform of my will given up, so I can worship. I submit the platform of my will completely to God.

Jesus is in my life: **READ: Isaiah 8:11-22 NKJV:** I have to know my authority in Jesus Christ when things begin to happen around me and God needs my authority to execute His will in someone's life. I can't be standing around there saying, "I've been giving my life to whisperings and mutterings". I have got to know who Jesus is in my life and know that I have a right to stand in that authority regardless of what anybody else may say. **READ: Isaiah 9:1-7 NKJV.**

I have an assignment: **READ: Ephesians 2** God knew me, by name when He created the foundations of the earth, I already existed in Him. (**Romans chapter 8**). He waited with me in Him until two parents came together for the right opportunity to bring my spirit being into the world. When I was born to my parents that was not an accident. If I will have my will submitted to His will, then He can use my will as a platform for worship, that He can do things through me on the earth at this time because that's what He's created me to be. I keep saying this: I live on assignment, with authority, with gifts and callings, with a mission by God to do what God wants me to do. I live for The Most-High God and my world will create a platform of worship for Him. I will not create my world that creates a platform for my own stuff. My heart is turning for God to put His desires in me. Then everything in my life becomes meaningful, everything in my life becomes full of the confrontation between light and dark.
