

## **Praise**

- HOFMI family member, 06 November 2020

Now I will wrap  
And give You my clap  
My hands raised  
I give You my praise  
My feet to heed, when I sing  
A song to my King  
I greatly rejoice  
And that is my choice

You're such a delight  
When I keep You in sight  
Fear must go  
As I flow and with the Spirit I go  
I enter in, thanksgiving my thing  
Praise gives me my raise  
Praise is my lift off, to from circumstances, drift off

God sent His Word,  
Healed my disease  
That settles it and can't be messed with  
Your wrap around Presence, in it I find my essence  
No insurance needed  
If Your Word I heed it  
Your love is my cover  
Yes the love of my Beloved

## **Be Still**

Me into You, You into me  
That's the way it should be  
In Your Light I see the Light  
I'm secure in My Beloved, He has me covered  
Be still and not frantic  
No place for panic  
In Me you are secure  
And can all things endure  
Peace be still  
Take that as your pill  
No need for fear  
I am here  
All I have is yours  
Evict fear  
In My love be secure
