

We are One

- HOFMI family member, 10 November 2020

Shake it off, shake it off
That is not your stuff
In Me you must take off

Insecurity evicted
Don't allow it to inflict you
As a daughter of Light
Let your enemy take flight
Put on the armour of Light
That's the way to fight

Be aware of Me being near
So nothing to fear
The shade at your right hand
That is how close I stand
I live on your inside
Let the enemy stay outside

Me and you, we are one
Through the power of the Son
You into Me, Me into you
United we stand, to face whatever is at hand

You have the armour of light
So you win every fight
With Your Father of Light
Darkness can't prevail
When in the Light you sail

Linger with Me longer
And so you get stronger
Be a breath of fresh air
For you are My heir
My crowning glory
Be My story
