

KIDS MESSAGE HIGHLIGHTS_Your Money Has A Voice_Pastor Christi Grobler
25 April 2021 (JHB)

I say - I praise You Lord, right now, before I go through this message, **break up hard ground in my heart**, if there is any. **READ: 2 Corinthians 6:16 (NKJV).**

Ecclesia: **READ: Matthew 16:15-18 (NKJV).** **Extract** - Church, us - the Ecclesia, it is the assembly of individuals who hold a position as citizens touching political and judicial matters. When such an assembly comes together, here is the local church. When we come together on a Sunday or we pray in a prayer meeting, we are creating laws - it's judicial. Key judicial cases were decided in that time of Jesus when the Ecclesia came together. Governmental decisions were debated, policies, affecting both internal and external affairs were formulated. Customs and cultural rules were adapted and changed. State decisions are proclaimed, and officials were appointed. People living there, paying taxes, owning land, they have to decide; not just a person passing by. That's very important when it comes to our understanding of being planted in the local church. Ecclesia, is governmental, judicial, and legislative. They counted it a great privilege and honour to be part of this local assembly, the ecclesia.

Praying in the Holy Spirit: **I say** - My heavenly language when I **pray in the Spirit**, is full of legalities, because I am planted, and when I pray, I bring all the legalities to God in prayer - what must happen in my city, and in my nation and in any matter...

It will be so: **READ: Hebrews 10:24-25 (NKJV).** **Extract** - Every time God speaks, every time we pray for our nation, and I am sitting there and I come into agreement just by saying, "Yes Lord." **That is me sitting in my chair, legislating and saying, "It will be so".** If I stay away, and I am not actively part of where God has planted me, the supply of my spirit is not there, but also my gifting, my anointing, the calling, the mantles that God has planned for my life is missing. I am part of the local assembly, because in that, by coming and doing my part, I am affecting and creating laws, influencing governmental cases, and affecting policies and rules in the spirit there where I am planted.

My money speaks: **READ: James 5:1-4 (NKJV).** **Extract** - The money that I sow, and the money that I keep, it speaks. This is about Kingdom Finances, for me to come out of the world system. **If I obey God, my money speaks for me. If I disobey God, I misuse finances and I'm not a good steward. Money is speaking against me.** **I say** - I use my money in a righteous way to have the right voice so that it will testify and speak on my behalf.

Motive of the heart: **Extract** - In the New Testament, everything is about the heart. God is looking at my heart. Everything that I do, everything that I give has a definite motive behind it. **READ: Matthew 5:23-26 (NKJV)** Whatever is in your heart will testify about the reasons and the motives for giving. **READ: Job 1:1-5 (MSG)** **Extract** - Job made a habit of this sacrificial atonement, just in case they'd sinned. Job brought offerings to the Lord because there was fear in his heart. Fear that his children had many parties and maybe they had sinned. A wrong motive in the heart, fear, and he's mixing it with a gift. And the accuser came. What is the motive in my heart, attached to my giving? **I say** - God wants me to come and worship Him because I love Him. He is my source. If something is wrong with my heart, I do not release my money. God loves a cheerful giver.

Great impact on each other: **Extract** - When I come to give, all that God is belongs to me. He is not withholding a thing from me. I come with my faith and full confidence and then when I sow, I praise God. When I sow my offering in the basket, I can't stop rejoicing because I understand the power of a seed. Everything about my and your life is individual and corporate, you can never ever separate the two from one another. **We have a great impact on one another**, on the place where I am planted, and in the things that God wants to do in the earth. **I say** - It's important where I am planted because I represent that place. I have authority in that place.

Offering in righteousness: **READ: Malachi 3:1-3 (NKJV).** I say - God is dealing with my heart. He's dealing with motives in my life. **Extract** - God says here that He will take His people through a massive purifying process, so their hearts can be right; so that they can bring the Lord an offering in righteousness. I say - The purifying process is to empower me to bring an offering that is and has the right testimony to it. **READ: Malachi 3:4 (NKJV).** I say - I bring offerings in righteousness with the right motive. **READ: Malachi 3:5 (NKJV).** **Extract** - You come to me in the right way and I will draw near, and I will be swift to witness against these things that are happening in your communities. And I will come near to you for judgment rendering a verdict, says God. God says when my people bring offerings in righteousness; it will be used as a testimony on their behalf that will allow Me, God to bring judgment on those things, those works of darkness in those places they live.

Messengers sent out: **READ: Hebrews 12:22, 23 (NKJV).** I say - What I do with my money affects my life, but it affects the places that God gave me the authority over, and what I do with my money affects others. **Extract** - What we do with our money and stuff is going to determine if we are going to take our cities and our communities. **READ: James 5:4 (NKJV).** **Extract** - Jesus sent out the twelve apostles with these instructions: **READ: Matthew 10:5-11 (NLT).** **Extract** - I do not have the anointing on my own life to take myself to the Promised Land, I must have a Moses – "I will give you the fivefold ministry in the New Testament." **READ: Matthew 23:37 (NKJV).** **READ: Hebrews 13:17 (NKJV)**

Live righteous before God: **Extract** - God is leading us and our financial resources do not only affect us personally, but also our cities and our nation. We have the authority as the Ecclesia to release a testimony before the Lord that gives Him the right to move on our behalf. This is the very nature of government. I say - If I live righteous before God, He is going to get the cities, He is going to get this nation, He is going to get everything with the word, the message, sound and song – God says: I am looking for a people.

God first place: **Extract** - What originates from God continuous on as God – we will see that God takes the first place and best in our lives, first in our life, first in our neighbourhood, first in our families, and first in prayer. Pastor John said, "This is strategic for us - this is a Word that God gave us for 2021. Do you see it in the spirit"? God said, it is time for the collective greatness, join hands in prayer, join hands in faith, join hands in the process, understand these things about money and resources because now God is allowing us to press in for the big things to come into the material world because we are about to take down big cities, some big spiritual fortifications, that have stood in our way for a very long time – in the way of our church and the church of our Lord Jesus Christ.
