

KIDS MESSAGE HIGHLIGHTS_Power of Resurrection_Part 2_Pastor John Bendixen November 2021 (WTB)

Month of November: Extract - An encouragement, an admonition (warning), an exhortation (urging) for you from the Lord for this month of November. I say – I'm awake. I'm alert. Extract - The Lord, by His Spirit, is ramping up (increasing) spiritual, heavenly things in this month. He is imparting (teaching) key, vital, most important revelations now, to come to hearts, to those who have ears to hear. I say – I have ears to hear. Extract - When the Word of God says do not neglect the assembly of yourselves together (coming to church), it's all meetings that God wants to have (including prayer meetings).

Victory through resurrection life: READ: Romans 5:10 (AMPC) I say - I am reconciled (joined) to God through the death of Jesus and I'm saved, daily, from sin's power through His resurrection life. Extract - Everything that we're going to have victory over in our lives is going to come through His resurrection life. READ: Colossians 3:1-4 (TPT). Extract - If you're born again and Jesus is your Lord and Saviour, you believe that He was crucified and resurrected from the dead then Your spirit is alive to God, you became a whole new creature that will never taste death.

Jesus saved me from myself: Extract - What does God have to do with your human, natural day (eat, drink, sleep, work)? That depends on how much you trust Him. Everybody is in this frantic (desperate) race against time, while living in the body, to get as much for themselves - wealth, success (achievement) and a high position among people (self-status). Without Jesus you are forced to live like that (giving into the desires and the very human nature), because your body orders you to live for yourself. I say - Jesus saved me from myself and a "me"-centred future. He saved me from that frantic need to get it done myself. He gave me the resurrected power inside of me. Jesus' resurrection frees me from the prison of myself. I let the resurrected life of Christ drive my decision making for my future.

Thank you Lord for saving me

What's the point of being a Christian? I say - To be spiritual (not to stay average and normal). Extract - What's the point of being spiritual? I say - To bring heaven to earth. Extract - Normal people or Christians cannot bring heaven to earth, only spiritual Christians can. Jesus was never controlled (restricted) to His body, He tapped into the power of God that was going to resurrect Him from the dead. All natural laws did not apply to Him (walking on water, turning water into wine, calming the storm). I say - Jesus' resurrection is my resurrection - the same freedom from the control of my body and everything my body needs in my world. Extract - There is so much power in this resurrection life, it will solve your problems, it will take care of everything you don't have control over – it will keep you going (sustain you). The resurrection life of God overtakes (supersedes) everything that happens in your life.

The life of Christ in our bodies: READ: 2 Corinthians 4:7-18 (TPT). Extract - We've got such a glorious treasure (the life of Christ) in our bodies that is ready and willing to be so powerful, but you want to give in to everything that looks good to you (stimulates you) in the natural world. Have a look at your life, see how the resurrection life of Christ is working inside you rather than trying to live the best life that you can live in your body (humanity). You must believe that God is. You cannot overcome that body (human clay jar) by yourself. I say - I let the resurrected life of Christ do that in me.

Jesus did and say what He saw His Father do and say: Extract - *Jesus only did what He saw His Father do and only said what He heard His Father say – all to the Father’s glory, not His. Jesus never let what happening around Him (His environment) tell Him what to do, He let the power of God control what’s happening around Him (His environment).* **I say** - *What happens in my environment doesn’t have to control my future.* Extract - *When COVID chaos hits, you’ve got nets that are going on the other side, because there’s a resurrection power of God inside of you.*

Warning: Extract - *It might take a while for you to give God your humanity so that you can experience His resurrection. It takes a while to learn how to use the power of God.* **I say** - *As I believe it, and I speak it, then God’s power begins to work.* Extract - *The good news is that when you get born again and Jesus starts living in your heart, everything you do that is for His glory, it is starting to add up and mean something eternally – for God’s glory and yours.*

Focus on the things unseen: Extract - *This short-lived life is not all that matters, it is for a little while. When you go about taking care of things that only matter to you, remember that the resurrection life of Christ lives in you. Focus on the things that are unseen - the resurrection power of Christ inside of you that brings God glory. As you bring everything under to the obedience to the Word of God, then that self-stuff matters less and less. As you learn to live in this resurrection life, there are things that God will do and say to you (even warn you about).* **I say** - *It’s important to obey, because then the resurrection power of God can work in my life.* Extract - *When you put God into everything with resurrection life, everything changes. Let’s live it! Let’s get closer to Him!*

Confession: **I say** - *I receive the resurrection life of Christ in me right now, in Jesus name. I become more aware of the resurrection power of Christ that lives in my body. I am aware of Him, I speak words that He would speak, I don’t speak what I think (opinions). The resurrection life of God is working for me.*
